Career Center Current Events:

Got unwanted AP/SAT/ACT study guides? I'd be thrilled to take them off your hands if you were to leave them in the main office with my name on them (Lori Sauter). Please, nothing with a copyright date before 2016 and no SAT Subject Test books. Thanks!

Multicultural Fly-In Programs: Many colleges like to connect with juniors and seniors from historically underrepresented populations by flying them (for free) to their campuses, sharing college information, and showing off their schools. If you know where you might like to attend next year, look on those schools' websites to see if they offer a fly-in or other outreach program. These programs can really help high-school students prepare for college life.

The [Connected Lane County calendar](#) has all kinds of career-related opportunities for high schoolers from job shadows and project-based mentorships (see below) to local industry tours and professional skill-building webinars. Take a peek!
